## 1. STATUS OF NEGOTIATIONS/COMPULSORY ACQUISITION SCHEDULE

The tables below show the progress of negotiations with landowners (Table 1.1) and statutory undertakers (Table 1.2) subject to compulsory acquisition as a result of the Proposed Development. While accurate at the date of submission, there have been updates in correspondence with various statutory undertakers and the Applicant intends to submit further updates of this schedule post-application, either when appropriate or as directed by the Examining Authority.

Table 1.1 identifies the current status of the negotiations with key landowners and the plots over which the Applicant is seeking powers of compulsory acquisition (including rights) for the purposes of the Proposed Development.

Table 1.2 identifies the current status of negotiations with statutory undertakers. A detailed list of land interests held by statutory undertakers is available at **Appendix D** of the **Statement of Reasons [AS-008]**.

As this schedule is part of the application documentation it should be read in conjunction with the **Statement of Reasons [AS-008]**, **Land Plans [AS-011]**, the **Book of Reference [APP-011]** and the **Draft Development Consent Order [AS-067]**.
