

Whilst reading the above transcription SLAE would like to clarify the positioning of where we suggest the smaller Green Horizons Park could be built. In our Relevant Representations we mentioned South West of the airport and it depends on where your starting point is to define South West. In our Green Horizons Park submission we mentioned West of the airport. The area highlighted in scarlet represents the area that we suggest.

Transcript time 23:42

They've said that the proposal now for the green horizons Park equivalent is for a smaller footprint size than the original New Century Park. And they suggest that it could therefore be located on brownfield land to the south of the airport. So we'll be looking for a response to that as well.

SLAE's submissions to date, suggest on brownfield land to the west of the current airport.
