# 1 INTRODUCTION

## 1.1 Purpose of this document

- 1.1.1 This Book of Reference **[TR020001/APP/3.02]** has been prepared to support an application for development consent ('DCO') under the Planning Act 2008 ('the Act') (Ref 1.1) for the proposed expansion of London Luton Airport ('the Proposed Development'). This application is made by Luton Rising (a trading name of London Luton Airport Limited) ('the Applicant'), owners of the airport.
- 1.1.2 A detailed description of the Proposed Development can be found in Chapter 4 of the Environmental Statement **[TR020001/APP/5.01]**.
- 1.1.3 This Book of Reference **[TR020001/APP/3.02]** has been prepared and submitted in compliance with Regulation 5(2)(d) of the Infrastructure Planning (Applications: Prescribed Forms and Procedure) Regulations 2009 (the '2009 Regulations') (Ref 1.2), as amended, and in accordance with the Department for Levelling Up Housing and Communities guidance (2013) 'Planning Act 2008: Guidance related to procedures for compulsory acquisition' (Ref 1.3). It has also been prepared in accordance with Regulation 7 of the 2009 Regulations (Ref 1.2).
- 1.1.4 As this Book of Reference **[TR020001/APP/3.02]** is part of the application documentation it should be read in conjunction with the: Land Plans and Crown Land Plans **[TR020001/APP/4.03]**, the Special Category Land Plans **[TR020001/APP/4.10]**, the Statement of Reasons **[TR020001/APP/3.01]** and the eDraft DCO **[TR020001/APP/2.01]**.
- 1.1.5 This Book of Reference **[TR020001/APP/3.02]** is divided into five Parts as prescribed by Regulation 7(1) of the 2009 Regulations (Ref 1.2). Each of the five Parts is described in the next chapter, together with a brief commentary on how the requirements in the Regulations and the related definitions in the Act (Ref 1.1) have been interpreted and applied to the collation of each Part of the Book of Reference.
- 1.1.6 All plot area measurements in this Book of Reference **[TR020001/APP/3.02]** are approximate, as these measurements are given in square metres, and each measurement is rounded up to the nearest whole square metre.

# 2 BOOK OF REFERENCE DESCRIPTION

## 2.1 Part 1

- 2.1.1 Part 1 of the Book of Reference **[TR020001/APP/3.02]** is described in Regulation 7(1)(a) of the 2009 Regulations (Ref 1.2), as follows;

*"Part 1 contains the names and addresses for service of each person within Categories 1 and 2 as set out in section 57 (categories for purposes of section 56(2)(d)) in respect of any land which it is proposed shall be subject to –*

- (i) powers of compulsory acquisition;*

- (ii) *rights to use land, including the right to attach brackets or other equipment to buildings; or*
- (iii) *rights to carry out protective works to buildings”*

2.1.2 Part 1 of this Book of Reference **[TR020001/APP/3.02]** contains the names and addresses of each person within Categories 1 and 2, as set out in ~~S~~section 57 of the Act (Ref 1.1), along with the area of each plot of land in which the Proposed Development will be carried out.

2.1.3 A person is within Category 1, as defined in section 57 of the Act (Ref 1.1), if the applicant after making diligent inquiry, knows that they are an owner, lessee, tenant, or occupier of the land. A person is within Category 2 if they are interested in the land or have the power to sell and convey or release the land.

2.1.4 The Applicant has taken the approach of seeking powers of compulsory acquisition (or acquisition of rights) in respect of all plots of land required for the Proposed Development, even where it already holds an interest or presumes it holds an interest in the land. This approach has been taken to ensure that it has the right to acquire the interests it needs in all of the land that it requires within the Order limits even if an unidentified owner later asserts an interest in land which the Applicant believes it owns.

2.1.5 The description of each plot also includes the reference to the principal land use power(s) sought in the draft DCO **[TR020001/APP/2.01]** in respect of that particular plot:

- a. In respect of plots shaded pink on the Land Plans **[TR020001/APP/4.03]**, where the Applicant proposes to acquire the land (on an outright and permanent basis), the plot description includes this wording: "All interests and rights in..."
- b. In respect of plots shaded blue on the Land Plans **[TR020001/APP/4.03]**, where the Applicant proposes to create and acquire new rights over land (including the right to impose restrictive covenants to protect the new tunnel), the plot description includes this wording: "Acquisition of rights over...";
- c. In respect of plots shaded green on the Land Plans **[TR020001/APP/4.03]**, where the Applicant proposes to possess and use land temporarily, the plot description includes this wording: "Temporary possession and use of..."

2.1.6 The categories of wording described above cross-refer to articles in the draft DCO **[TR020001/APP/2.01]** as follows:

- a. "All interests and rights in..." – the compulsory acquisition of land pursuant to articles 22 and 23 of the draft DCO.
- b. "Acquisition of rights over..." – the creation and compulsory acquisition of new rights over land pursuant to article 25 of the draft DCO.
- c. "Temporary possession and use of..." – the temporary possession and use of land for the purposes of constructing the authorised development

pursuant to article 31, and for the purposes of maintaining the authorised development pursuant to article 32 of the draft DCO.

2.1.7 The information above (in paragraphs 2.1.6 and 2.1.7) is summarised in the following table:

| <b>Colour of plot on Land Plans [TR020001/APP/4.03]</b> | <b>Wording used in Book of Reference plot description</b> | <b>Land use power sought</b>  | <b>Principal relevant DCO article</b> |
|---|---|---|---------------------------------------|
| Pink  | “All interests and rights in...”                          | Compulsory acquisition of all interests and rights in land (including, as required, subsoil, surface land or airspace)                            | <b>A</b> articles 22 and 23           |
| Blue  | “Acquisition of rights over...”                           | Creation and compulsory acquisition of new rights (including, where necessary, a right to impose restrictive covenants to protect the new tunnel) | <b>A</b> article 25                   |
| Green   | “Temporary possession and use of ...”                     | Temporary possession and use of land  | <b>A</b> articles 31 and 32           |

2.1.8 Some areas of land within the Order limits are not subject to the powers set out above. Land in which no interests, rights or possession are sought within Operational Airport Land is shown grey on the Land Plans **[TR020001/APP/4.03]**. The Applicant has included the Operational Airport Land within the Order limits so that it benefits from the increase in passenger numbers as authorised by the DCO. Some land within the Order limits is shown yellow on the Land Plans and this land is not subject to DCO powers.

## **2.2 Part 2**

2.2.1 Part 2 of the Book of Reference **[TR020001/APP/3.02]** is described in Regulation 7(1)(b) of the 2009 Regulations (Ref 1.2) as follows;

*“Part 2 contains the names and addresses for service of each person within Category 3 as set out in section 57”*

2.2.2 Part 2 of this Book of Reference **[TR020001/APP/3.02]** contains the names and addresses (if known by the Applicant) of each person within Category 3, as

defined by ~~S~~section 57 of the Act (Ref 1.1). A person is within Category 3 if the Applicant believes that, if the ~~Order is made DCO were to be made~~ and fully implemented, they would or might be entitled to make a relevant claim as defined in section 57(6) of the Act (Ref 1.1). A relevant claim is a claim under section 10 of the Compulsory Purchase Act 1965, a claim under Part 1 of the Land Compensation Act 1973, or a claim under section 152(3) of the Act (Ref 1.1).

2.2.3 It is considered that Category 3 includes Category 1 owners where land is not being acquired and all Category 1 lessees and tenants. Category 3 contains persons with interests in land within the Order limits. Category 3 also contains persons with interests in land outside the Order limits who, it is considered, might be able to make a relevant claim (as defined above).

## 2.3 Part 3

2.3.1 Part 3 of the Book of Reference **[TR020001/APP/3.02]** is described in Regulation 7(1)(c) of the 2009 Regulations (Ref 1.2) as follows;

*“Part 3 contains the names of all those entitled to enjoy easements or other private rights over land (including private rights of navigation over water) which it is proposed shall be extinguished, suspended or interfered with”*

2.3.2 Part 3 of this Book of Reference **[TR020001/APP/3.02]** contains the names of all those with easements or other private rights over land which it is proposed shall be extinguished, suspended or interfered with pursuant to the exercise of powers in the DCO.

2.3.3 Certain relevant Category 2 persons included within Part 1 of the Book of Reference **[TR020001/APP/3.02]** have also been included within Part 3 where their rights may be considered to be affected. Examples include tenants of the land, or statutory undertakers with services in or under the land, and whose rights over the land are likely to be affected whether the land is required permanently or temporarily.

## 2.4 Part 4

2.4.1 Part 4 of the Book of Reference **[TR020001/APP/3.02]** is described in Regulation 7(1)(d) of the 2009 Regulations (Ref 1.2), this states;

*“Part 4 specifies the owner of any Crown interest in the land which is proposed to be used for the purposes of the order for which application is being made”*

## 2.5 Part 5

2.5.1 Part 5 of the Book of Reference **[TR020001/APP/3.02]** is described in Regulation 7(1)(e) of the 2009 Regulations (Ref 1.2), this states;

*“Part 5 specifies land –*

- i. the acquisition of which is subject to special parliamentary procedure;*
- ii. which is special category land;*

iii. *which is replacement land*”

2.5.2 Part 5 of this Book of Reference [TR020001/APP/3.02] specifies land that the acquisition of which may be subject to special parliamentary procedure, is special category land or is replacement land.

2.5.3 The DCO proposes the compulsory acquisition of land, and rights over land, that is open space and which engages sections 131 and 132 of the Act (Ref 1.1). The Applicant proposes to replace that open space land with land to be given in exchange and which will be vested in the prospective seller and subject to the same rights, trusts and incidents as are currently attached to the open space that is proposed to be acquired for the Proposed Development. The replacement land is not less in area than the open space and is in close proximity to the open space that is proposed to be acquired. The open space and replacement land is identified on the Land Plans and in the Special Category Land Plans [TR020001/APP/4.10] and is listed in Part 5 of the Book of Reference [TR020001/APP/3.02].

## 2.6 Book of Reference notes

2.6.1 Each plot of land shown in this Book of Reference [TR020001/APP/3.02] has been given a unique reference. The first number relates to the Land Plans [TR020001/APP/4.03] sheet on which the plot is located. The second number differentiates between each plot sequentially. The numbers given to each plot are generally assigned from west to east across each sheet.
