

FoWP wish to comment on **REP9-058** submission 8.187 Applicants Position on Financial Penalties

This document has been prepared to express the Applicant's objection in the strongest possible terms to the imposition of a financial penalty regime. In short, the Applicant considers that the imposition of financial penalties:

It is FoWP's view that the applicant would not object so strongly if they did not think there was a serious risk of falling foul of sanctions and penalties. For three years the airport operator broke noise limits with the applicant turning a blind eye, as they both financially benefited from infringements.

FoWP fully supports sanctions and penalties for rule breaking and would actually like to see tougher sanctions and penalties for all infringements.
