Dear Sirs

**Application by London Luton Airport Limited (“the Applicant”) Seeking Development Consent for the Proposed London Luton Airport Expansion**

We act for Network Rail Infrastructure Limited.

Network Rail has seen and commented on the draft of the response that the Applicant intends to submit updating the Secretary of State on the position between the parties in respect of the information contained within the Applicant's Rail Impacts Summary. On this basis Network Rail does not intend to submit a separate update. However, Network Rail will not have the opportunity to see a final draft of the response until after submission. In the event that the position set out in the Applicant's response does not reflect that discussed, we will bring this to the Secretary of State's attention.

Yours faithfully

Dentons UK and Middle East LLP
