Please include my email address in your mailing list, as regards any comments I might make on the most recent representations on TR020001. Having not been in a position to read them I can only say that any representation made by LADACAN I fully support. the thought of the Airport expansion moving to within 300 yards of my garden fills me with horror. Breachwood Green is a very pleasant local community which is under threat on 3 sides by the Airport, for a refused application for a solar farm that will probably be reverted after an appeal, and a development of 2.100 homes that will eradicate 2 villages and a Hamlet, Luton borough council requested the use of the Crown Land from North Herts District Council which they got, although it went in despite of the North Herts Local Plan 2011, Luton then decided that they no longer needed it, North Herts have not removed the plan, so it will go ahead.
