Subject: Luton Airport Expansion
Date: 29 August 2024 15:07:12

You don't often get email from [REDACTED]3@hotmail.co.uk. [Learn why this is important](#)

Dear Sir/Madam,

I live in Luton and yes, I do use the airport to travel.

However, how is it right, that it's ok to increase the capacity of people coming to an airport which is situated in a cul-de-sac?!!!!

Having seen the plans for the configuration of the roads in Luton, with traffic lights planned on every other road - especially approaching the airport - will be sure to bring most of Luton to a standstill on a daily basis - especially at peak holiday times!!!!

As for air pollution - the Luton and Dunstable hospital is already constantly bursting at the seams on a daily basis, sadly added to the pollution will not make the situation for residents with bronchial conditions any better. And what about what the pollution will do to the children in the area? There are schools on the flight path as planes come in to land.

Is the destruction of Wigmore Valley Park necessary now that the expansion of London City Airport has been approved. How much capacity does the south east need ?

Can you guarantee that the excavation of the former landfill site (Wigmore Valley Park), with mega tons of toxic gases being disturbed, will not create an environmental disaster?!!

The proposals do not consider either the environment or the residents of Luton, now or in the future.

Please, Please do not let these plans go ahead.

Kind Regards

Mary Stewart
