You don't often get email from [REDACTED] [Learn why this is important](#)

Dear Sir,

I am in receipt of the documentation for the latest stage of the above enquiry. I have commented on the requirement to increase passenger numbers at LLAL many times. I cannot add any further information, only to remind you of the existing letters and comments received from myself over the years that this enquiry has been underway.

The increased number of passengers required is unacceptable to me. The largest number of passenger movements will be during the summer months, which, this year has been intolerable. We are told to keep our windows and doors closed, to help with the noise and pollution. This is not acceptable. We need to enjoy our home and surroundings, not lock ourselves away.

The number of flights arriving during the hours of 12.00 midnight and 3.00 am, sometimes 4.00 am has greatly increased, and the response to complaints, (which incidentally) are a waste of time and energy, is that the delays are from originating airports, never that Luton has allowed its airlines to continue a 24 hour service.

Trying to listen to the radio or watch the television is stressful and as for a night's sleep - impossible. I cannot imagine how we will cope with double the movements. .

I plead that you refuse this further application, if only for safety reasons, and not just my selfishness. I do not believe the capacity of the existing runway is adequate for the number of passengers requested.

yours faithfully
