You don't often get email from [REDACTED]. [Learn why this is important](#)

Dear Luton Airport Expansion Team

Further to all my previous comments giving reasons why Luton Airport should not expand, I would like to add this update:

I live in [REDACTED] and this village is less than two miles from the runway. When the aircraft are taking off in an easterly direction our life in the village is a misery. On the sunny days this summer when we have invited friends and family to enjoy our garden the aircraft always take off over my house which precludes all conversation and conviviality. As you will be aware your fixed noise monitor is at Frogmore which is a further two and a half miles from the runway take off, so hence, does not record the level of noise over my house. Although I was temporarily loaned a hand held monitor from the airport and I recorded levels of noise of unacceptable levels, these results were ignored by Luton Airport.

We become hermits in our house, day and night, with all windows and doors closed.

I wonder about the morality of whether people should be allowed to fly from Luton for a holiday in the sun at the expense of residents like myself, who suffer from the noise and pollution they create ????

Please do not add to my misery by allowing a further expansion of Luton Airport.

Yours faithfully,

[REDACTED]
