Subject: London Luton Expansion

Dear Sirs,

I would like to object to the planning application for the expansion of London Luton Airport :

1/ The AD6 process was non-compliant in informing the residents affected, and didn't address feedback.

2/ The AD6 flight change has not been properly implemented(not using the Bedford stack as approved.)

3/ The AD 6 change has resulted in increased fuel consumption compared to pre-change.

4/ Residents over a large area including Hardwick, will be impacted by increased noise in relatively quiet areas.

5/ LLA is the worst performing major airport in the UK on measures such as noise and CO2.

Regards,

A A Gill.
