

MR JIM TILER

Thank you for your Letters
Sorry about the delay in replying
I have been in hospital.
I had a fall and injured my leg
Much better now than I got.
Getting old I was 83 last 31.8.24

As I have explained before I live
right under the flight Path
It is not too bad Monday Tuesday
Wednesday

But Thursday Friday Saturday it is
really bad.

I would like you to take in consideration
night flights
One came over it made me jump
and shake the house
I live alone and my nerves are
not what they was

Thank you for keeping me informed
I would appreciate if you can carry
on doing this.

Thank you again
