# INTRODUCTION

1. This Book of Reference (“BoR”) is submitted in relation to the application for an Order granting development consent for a proposed Nationally Significant Infrastructure Project (“NSIP”) by RiverOak Strategic Partners Ltd (“the Applicant”) to the Planning Inspectorate, on behalf of the Secretary of State, under section 37 of the Planning Act 2008.
2. The application is for consent for The Manston Airport Development Consent Order 201[ ] (“the Order”). The Order, if made, would grant powers to regenerate the existing airport through constructing new air cargo facilities, re-fitting the airfield navigational aids, developing a new air traffic control service, building new aircraft maintenance hangars and developing areas of the ‘Northern Grass’ (part of the site north of the B2050), upgrading the runway, realigning the parallel taxiway and making highway improvement works (“the Scheme”).
3. The Book of Reference (BoR) is one of the application documents required for an application for development consent under The Infrastructure Planning (Applications: Prescribed Forms and Procedure) Regulations 2009 (“the Regulations”).
4. The BoR is divided into five Parts as prescribed by *Regulation 7(1)* of the Regulations. Each of the five Parts is summarised below, together with a brief commentary on how the requirements in the Regulations have been interpreted and applied to the collation of each part of the BoR for the Order.
5. This BoR describes the land parcels which the Applicant is seeking compulsory acquisition or temporary possession powers in the Order to acquire or use land for the Scheme. This BoR is therefore needed to list the plots of land over which the Applicant is seeking such powers (these plots collectively are referred to in this document as “the Order Land”). The plot references included within the BoR refer to those shown on the Land Plans (application document TR020002/APP/4.2). All plot area measurements in the BoR are approximate, as these measurements are given in square metres, and each measurement is rounded up to the nearest whole square metre.
6. This BoR also documents any “rights” within the Order Land which may be created, interfered with, suspended or extinguished. It also lists the persons with land outside the area of the Order Land who might have a claim for compensation for depreciation in the value of their land due to the construction or use of the development.
7. The entirety of the Order Land falls within the local authority boundary of Thanet District Council.
8. Each plot of land shown in the BoR has been given a unique plot reference number. The process of creating plot numbers is initially automated followed by manual adjustments to ensure that the Book of Reference runs in conjunction with the Land Plans.
9. Land shown tinted pink on the Land Plans (application document TR020002/APP/4.2) is proposed to be subject to the compulsory acquisition of the freehold, leasehold, tenant and/or occupier interests as well as the acquisition of existing rights and/or the overriding of

or extinguishment, suspension or interference with any third party rights pursuant to Article 19 of the DCO.

10. Land shown tinted blue on the Land Plans is proposed to be subject to the compulsory creation of new rights pursuant to Article 22 of the DCO and if necessary, to powers to override third party rights or powers to extinguish, suspend or interfere with any third party rights pursuant to Article 24 of the DCO.
11. Land shown tinted green on the Land Plans is proposed to be subject to powers of temporary possession pursuant to Article 29 of the DCO and if necessary, to powers to override third party rights or powers to extinguish, suspend or interfere with any third party rights pursuant to Article 24 of the DCO.
12. In relation to plots 018, 044 and 045 shown tinted green on the Land Plans, the Applicant has included all the adjoining owners of land abutting the highway, by applying the 'ad medium filum' rule that those owners own up to the half width of the highway.
13. Land shown tinted orange on the Land Plans is proposed to be subject to the compulsory acquisition of subsoil only pursuant to Article 23 of the DCO.
14. Land shown tinted orange with blue hatching on the Land Plans is proposed to be subject to the compulsory acquisition of subsoil pursuant to Article 23 of the DCO and subject to the compulsory creation of new rights pursuant to Article 22 of the DCO.

## Book of Reference Part 1

15. Part 1 of the BoR is described in *Regulation 7(1)(a)* of the Regulations as follows:  
*"...Part 1 contains the names and addresses for service of each person within Categories 1 and 2 as set out in section 57 (categories for purposes of section 56(2)(d)) in respect of any land which it is proposed shall be subject to–*
  - (i) powers of compulsory acquisition;*
  - (ii) rights to use land, including the right to attach brackets or other equipment to buildings; or*
  - (iii) rights to carry out protective works to buildings."*
16. A person is within Category 1 if the Applicant after making diligent inquiry, knows that they are an owner, lessee, tenant, or occupier of any of the Order Land. A person is within Category 2 if they are interested in the land or have the power to sell and convey or release any of the Order Land.
17. Part 1 of the BoR contains the names and addresses of each person within Categories 1 and 2. For each plot, a description of the land and its approximate area are provided.

## Book of Reference Part 2

18. Part 2 of the BoR is described in *Regulation 7(1)(b)* of the Regulations as follows:  
*"...Part 2 contains the names and addresses for service of each person within Categories 3 as set out in section 57;"*
19. Category 3 persons are defined as those who would or might be entitled to make a 'relevant claim' (being a claim under section 10 of the *Compulsory Purchase Act 1965* and / or under Part 1 of the *Land Compensation Act 1973* and / or under section 152(3) of the *Planning Act 2008*) as a result of the implementation of the Development Consent Order, as a result of the use of the land once that order had been implemented, or as a result of that order having been implemented.
20. It is considered that Category 3 includes Category 1 owners where land is not being acquired and all Category 1 lessees, tenants, occupiers and parties with legal rights (or easements) over the land within the Order limits. Category 3 also contains persons with interests in land outside the Order limits who, it is considered, might be able to make a relevant claim (as defined above).
21. Part 2a of the BoR contains the names and addresses of all those Category 3 persons with interests in land within the Order limits, who it is considered might be able to make a relevant claim. For each plot, a description of the land and its approximate area are provided. Part 2b contains the names and addresses of all those Category 3 persons with interests in land outside the Order limits who, it is considered, might be able to make a relevant claim (identified by reference to the criteria outlined at paragraph 19 above).
22. To make this distinction clear, Part 2 of the BoR has been divided into two parts (Parts 2a and 2b) to aid clarity of presentation. As Part 2a contains Category 3 persons with interests in land within the Order limits, it necessarily includes information about plot numbers and plot descriptions. As there is no equivalent information on plots for Category 3 persons with land outside the Order limits, the Applicant has structured the part of the BoR that deals with such persons differently.
23. Part 2b of the BoR contains Category 3 persons' names and addresses for service and identifies the land to which a relevant claim might relate. Where a separate address for service is not specified the address for service is the same as the address to which a relevant claim might relate.

## Book of Reference Part 3

24. Part 3 of the BoR is described in *Regulation 7(1)(c)* of the Regulations as follows:-  
*"...Part 3 contains the names of all those entitled to enjoy easements or other private rights over land (including private rights of navigation over water) which it is proposed shall be extinguished, suspended or interfered with.."*
25. Part 3 of the BoR contains the names of all those persons who it is considered will have their private rights over land affected by the Scheme.
26. Certain relevant persons included within Part 1 of the BoR have also been included within Part 3 where their rights may be considered to be affected. Examples include statutory

undertakers with services in or under the land, and whose rights over the land are likely to be affected whether the land is required permanently or temporarily.

## Book of Reference Part 4

27. Part 4 of the BoR is described in *Regulation 7(1)(d)* of the Regulations as follows:-  
*"...Part 4 specifies the owner of any Crown interest in the land which is proposed to be used for the purposes of the order for which application is being made;"*
28. Part 4 of the BoR specifies the owner of any Crown interest in the Order Land, which includes land belonging to the Government departments shown on Crown Land Plan (application document ref: TR020002/APP/4.3) and noted within Part 4 of the BoR.

## Book of Reference Part 5

29. Part 5 of the BoR is described in *Regulation 7(1)(e)* of the Regulations as follows:-  
*"...Part 5 specifies land—*  
*(i) the acquisition of which is subject to special parliamentary procedure;*  
*(ii) which is special category land;*  
*(iii) which is replacement land;*  
  
*and, for each plot of such land within which it is intended that all or part of the proposed development and works shall be carried out, the area in square metres of that plot."*
30. The location of any land subject to special parliamentary procedure (either known or assumed) to be used either permanently or temporarily is shown on the Special Category Land Plan (application document ref: TR020002/APP/4.5) and noted within Part 5 of the BoR.
