

# \* WAY I AM OPPOSED

Date 27.9.18

Here you should summarise the aspects of the application you agree and/or disagree with and say why. Outline what information, local knowledge or evidence you have which supports this. Please aim to limit this section to no more than 500 words (please use extra paper if needed).

## Economic Viability

No national policy says that a freight hub is required at Manston. Nor does the Department for Transport advocate growth in air freighters. Is it needed? This redundant site is over 600 acres and is the only large site to build much needed houses & mixed use development.

Four independent and expert aviation opinions disagree that Manston can be viable & 3 directly challenge the Azimuth findings.

The number of cargo flights (ATMs) across UK airports has slumped, from 108,000 in 2000 to 52,000 in 2016 most recent in 2017. Department for Transport forecasts to 2050 will be flat in the UK. They won't make any money.

Manston has a poor location and have very high start up costs. Noise levels will be high it will effect my health pollution will be high & the value of my property will go right down. Our children & grand children will not be able to do there schooling properly as they won't be able to get any sleep and all us retired people will get ill & mentally washed out to.

Where does this group come from they have had no record of running a freight airport and where is there funding? Lets have houses & new specialist jobs etc. Quality jobs with a big Olympic size swimming pool & quality leisure facilities like they have at MEAT PARK, MIDDSTONE. Lets not spend any more of TAXPAYERS MONEY on this stupid idea.

Please check that you have completed all relevant sections, otherwise you may not be able to take part in the later stages of the examination.
