

Name: [REDACTED]

Date: 15-10-2018.

Reference:  
Manston Airport.

PINS RECEIVED

19 OCT 2018

Dear MR/MS.

Just to point out why are politicians  
M.Ps etc are being tunnel visioned, about  
squandering tax payers money at Gatwick,  
and Heathrow Airports for increasing the  
size of runways. When all is needed is to  
stop the air freight (cargo) business, just  
concentrate on passenger flights, transfe  
the freight (cargo) business to Manston, or  
share that business with other small airports.

Manston Airport has the better facilities.  
here are the bullet points.

P-I-O.

2

The largest runway in Europe.

Vast open area for building Storage units (Warehousing) all types.

Desperate need of jobs (work) into the area.

Direct linking onto M20 & M2

Railway lines in place for transporting

Near the coast

Repair or maintenance of aircrafts, jet engines etc.

This will bring skilled <sup>work</sup> to the area.

Apprenticeships

Upgrading of Education to cope with skills required.

JOBS FOR THE FUTURE GENERATION

Yours Sincerely

M03 :-
