I hereby endorse the proposal to reopen Manston Airport once again as an airport, hopefully for Passenger Traffic. Some years

ago we flew to Croatia from Manston & it was superb to fly from our local airport. We would be delighted if the airport

could find a budget airline to fly to France as we fly several times a year to see our daughter & Family in South West France. What

we don't want is it being used as a Lorry Car Park & would protest loud & long against such a travesty, This airfield was known for

many years has having the longest runway in Britain & of course was historically crucial in the Battle of Britain by the R.A.F.

All of which makes it ideal especially with the high speed rail link to London if it is utilised properly.

Yours Hopefully,

Roger Thorold
