Subject: Manston Airport Development Consent Order (Planning Inspectorate Ref: TR020002) [Our Ref: SG24733]

Dear Sir/Madam, we refer to the application quoted above for redevelopment of the Manston Airport Site. NATS relies on critical infrastructure on the site and is currently liaising with stakeholders around the potential impact of the application and any mitigation measures available.

At this time NATS has been unable to thoroughly assess the impact and formally

investigate mitigation, as such it wishes to raise concerns around the development and objects to the Application. Notwithstanding the objection, NATS is working with various stakeholders and expects to be able to submit a formal representation in the next week or so.

We trust this clarifies our position, but should there be any queries in the interim, do not hesitate to contact us.

Regards
S. Rossi
