Subject: Manston Airport - ANON-M3TP-EF2T-N

I feel that I have to write to update on the current positions concerning Manston Airport.

Firstly there is no change to our desperate need for an efficient working airport in Thanet. Employment and new business interests are a must here and most certainly the short term employment, building houses, will do nothing for us.

The people of Kent need an airport which is more accessible than Heathrow and Gatwick and the drone incidents over Christmas proved the value Manston Airport would have been in such circumstances.

Finally, I have to say that listening to the few 'Antis' at the recent meetings it was obvious that they were tutored from the same source and I found it very difficult to award any credibility to their arguments.

Many thanks for listening,
Yours sincerely
