I am in favour of R.S.P. application to reopen the airport for a cargo hub on the grounds that thanet is an area of extreme unemployment. There have been two large employers local to Manston, Batteshanger colliery with about 2000 employees and Pfizer with a similar number of staff. When the two employers closed down it was deverstating to the local employment of the area. Mansion producing employment to the area wood be of great benefit to Thanet and the local area. Manson as a freight hub I would imagine would relieve the freight flown into Europe and transported by ferry to G.B.

Graham Denton.

Thanet resident for 70 years.
