Hi,

I live in Thanet and miss the coming and going of aircraft from Manston Airport. It looks so sad – all those brave men who flew from this airodrome must be honoured, no houses should be built on this area it needs to return to a working airport **and soon.**

The jobs and prosperity when it is re-opened will be amazing, employing local men and women prosperity will return to our Island. A training school for pilots too would be fantastic.

What about the lorries stacking up at Dover? All that cargo could be easily airfreighted out to other countries, especially if we have a new railway station nearby to delivery the goods to Manston. Airfreight can be quick and easy to the Continent and to all parts of the world from Manston. It is ideally situated just so near the coast – up and away!

Please allow the Compulsory Purchase Order to go through so that River Oak can continue their amazing vision for our airport. We will need this airport after Brexit, it can be a godsend! People once again may fly from Manston, taking the pressure off Heathrow and Gatwick.

We NEED MANSTON AIRPORT!

Thank you
