I fully support the DCO application made by RiverOak Strategic Partners Ltd, to re-open Manston Airport as an air freight hub with some passenger flights.

Thanet suffers from high unemployment, social, deprivation and a poor local economy . These facts are evidenced in the reports available on the Kent County Council website. The benefits of a re-opened Manston Airport, which would go a long way to alleviate these factors, are detailed within the report(s) Submitted by RiverOak but in particular that of Dr Sally Dixon.

I would strongly urge you to grant the DCO as it will enormously benefit the Thanet economy and local people
