---

I registered my interest as I feel that the airport is very much needed. It will bring jobs, provide much needed extra flight capacity and it is a national asset.

Thanet is a deprived area and the airport will provide much needed employment. Also, RiverOak is working with Higher & Further Education representatives regarding Education and Training opportunities associated with the airport.

Extra flight capacity is needed and Southend has helped with this, which in turn has increased Tourism in Southend, Manston could benefit in the same way. Manston has played a great part in historical events over the years and it should not be lost to alternative developments.

Kind regards
