Subject: Manston airport
Date: 11 February 2019 23:21:54

I've lived in ramsgate for 59 years.

Now just a few facts

1 ramsgate is and always been a deprived area, unemployment higher than the average.

2 ramsgate has a high speed train direct to London in 1hr 20mins.

3 there is going to be a new parkway station less than half a mile away from manston airport

4 the government is looking to fund a new ferry service from ramsgate port in case Dover port is unable to cope after Brexit.

5 the government is planning to use manston as a lorry park to store freight.

6 freight could be flown in straight to manston if it was open

7 I've lived on nethercourt estate and margate road ramsgate right under the flight path of manston the air traffic never bothered me or any of my neighbour's, it was actually nice to see and hear the plans go by knowing that jobs was being g created.

8 manston can take any aircraft that is around today

9 thanet needs manston open creating high quality jobs

10 manston is nearer to Europe than any other airport.

So thanet has fast train to London. Ramsgate port. An airport. Dover port is just 6 or 7 miles away and getting a new rail station less than half a mile away from the airport. You know what I see a great chance of economic growth in the area. Or should we build houses all over it 4000 houses 8to10 thousand people no jobs
