Subject: Reopening Manston Airport as a Freight centre
Date: 15 February 2019 19:58:27

I believe that the reopening of the Airport is of great importance to Thanet and to Britain. If it is disposed of for development, it can never be replaced. As an Airport, it will bring much needed employment and trade to this area. If the site is developed as housing, it would be a waste of an existing facility, and the influx of new residents would just be even more unemployed. At this present time, there is much uncertainty about the future of Britain; can Britain afford to lose an Import/Export conduit right now?
