Dear Sirs

I am a registered interested party.

I am writing to enquire and ask why RSP having failed to provide to the inspector the specific financial information requested from the applicant by the deadlines specified ( as they did not with earlier CPO applications to TDC) why the application is not dismissed with immediate effect?

It appears that the applicant evades answering specific information regarding the delivery of finance information which would be required to fund it's application , build and development an airport and compensate the land owners and subsequent blight to those affected. Further it fails to be able to provide any historic information regarding the companies they represent .

Thank you

Paul Dawkins
