---

Dear Sirs,

This southeastern region of the United Kingdom, has at long last been offered the opportunity to facilitate a nationally significant Infrastructure which RSP will furnish with state-of-the-art technology to build a substantial Freight Hub and Passenger Airport and utilising Manston Airport's magnificent runway.

This is an extremely deprived area and we need a Freight Hub at Manston Airport to bring much needed jobs into this area and to attract businesses to this area and to bring hope for this area.....things that the current owners cannot and will not compete with.

As a lifetime resident of Thanet, I implore PINS not to allow a small number of uninspired NIMBYs to try and block this golden opportunity for this Country for Kent and for Thanet.

I wish to attend all of the Open Floor Hearings please.

Yours sincerely

Mrs Christine Redmond
