I understood that however will the lead for the ExA please understand specifically that the control of the Facebook page for SMAa (where the screengrabs came from) is not available to myself nor is it available to the other party, who I understand has written separately to yourselves. In no way do I place any blame on PINS for the lack of control on a FB page with 3500 people. I would ask that specific mention is made of the allegation of being a paid agitator. I attach the statement from the other party made in their recent submission to deadline 4 "FIVE10TWELVE LTD STATEMENT REGARDING CONFLICT OF INTEREST AND IMPARTIALITY For the avoidance of any doubt and in the interests of full transparency, we hereby confirm that neither Five10Twelve Ltd or its subsidiary, Love Ramsgate Ltd, or any of our Directors have any interests, either financial or otherwise, in the Manston site or any other rival development beyond those of a local business and local residents with strong concerns regarding the devastating impacts of the proposed development on the local area, economy, environment and population. Neither Five10Twelve Ltd, or Love Ramsgate Ltd, or any of our directors have accepted any payments or any other form of compensation or inducements for presenting this or any of our other submissions or representations to the ExA. Any offers or suggestions of such from any party will be refused and immediately reported to the ExA."

I concur with their statement and want to make it clear that I have neither sought nor would I take any payment from any interested party in involved with the DCO.

Subject: Intimidation

On a separate subject I have been sent screen shots from the Save Manston Association Facebook page alleging because I sent in a submission to deadline 3 I was paid by ? to do so. They have insinuated that at least one other submitter has also been paid.

I would like to put on record that this isn't the case and for them to state that is intimidatory in the extreme.

I would like to know whether PINS or the EXa would care to make representation to Dr. Beau Webber as chair to stop the actions from getting out of hand.
