Thank you for keeping me informed on this matter. I understand that RiverOak Strategic Partners are requesting that their financial backers not be named. I do think in these circumstances of so much doubt and contention with the airport that the backers must definitely be named. It seems particularly dubious that for more than 5 years the airport was up for sale as an airport but they did not show any interest. It was only after Stonehill Park bought the site and planned housing/leisure etc. that they appeared as an interested party. I suspect that they will then want to develop it for housing themselves. In my opinion Stonehill Park is much the better option.
