---

Hello

[REDACTED]

I am extremely concerned about the proposed cargo hub at Manston and the potential degregation to mine and [REDACTED] life and well being, including pollution and noise levels and I wont even be eligible for compensation to soundproof the house. Not that that will be really possible anyway, as it is a victoria house with victorian features and sometimes I like to actually open a window or use my garden. The whole process is making me sick with worry. I definitely will have to move, but the value of my house will be reduced and I don't want to leave our community.

I cannot believe that you would wish such a monstrosity on the very people you are meant to be representing.

Please can you stop it

Kind regards  
Ceri Diffley
