Subject: Night flights at Manston
Date: 25 June 2019 08:26:45

Dear Sir,

I live at [REDACTED] Ramsgate, [REDACTED] and I am writing to [REDACTED] ngly to any [REDACTED] ion that night flights will be permitted from Manston Airport. Manston is immediately outside the town of Ramsgate. Ramsgate is directly under the flight path of planes landing at the airport and they come in very low. The disturbance caused by night flights would be entirely unacceptable and contrary to the government's stated ambitions for the environment.

I therefore urge you to reject any proposal for night flights.

Manston does not work as an airport because it is on an extreme edge of the country. Its failure is attested by the losses made by previous operators. A business model that seeks to resurrect the airport on the strength of environmentally disastrous night flights is not sustainable and must not be entertained.

Yours faithfully,

Clive Aslet
