Sirs,

I am firmly in favour of the re-opening of the airport for freight and passenger use, 100% so.

The Isle of Thanet has high unemployment along with the whole of East Kent. This proposal will provide many direct jobs for Thanet and even more in the wider area of East Kent and I feel sure will provide an impetus for tourism to improve especially in the hotel trade for which Thanet has traditionally been renowned.

The whole area will be regenerated, a need that is long overdue.

I have been resident in Thanet for 65 years.

Yours Sincerely,

Tony Laming,
Ramsgate.
