Dear Sir/Madam,

I have read the proposal to put restrictions on passenger flights between the hours of 9 am and 12 noon. I feel these restrictions would severely inhibit the growth of the airport. I am also concerned about the statement that flights during these hours would affect the rush hour traffic. I am a resident of Thanet of over 24yrs. and have never really noticed any traffic congestion other than the school run times which are very short lived. I feel that most commuters would be traveling out of Thanet using the A28 and the prospective passengers would be heading in the opposite direction. I really can not see how two or three flights in and out of Manston Airport during those hours would cause any significant impact on the flow of traffic. I therefore would like to object to this proposal.

Yours Sincerely
Brenda Chubb,
