Dear , ref. to application from RSP.
RSP are asking PINS for a quota quote of night flights (not including late arrivals)
of a count of 2000.

This is completely un acceptable as Late arrivals open all doors to abuse.
The request if any must be a 2000 count on all flights including late or not.

It appears RSP are attempting to wiggle their way around having any restrictions on
night flights. I hope the people at PINS are aware of the kind of people they are dealing
with.

To agree to using Manston Airport as a commercial airport (considering it's past record)
Flying in & Out over Ramsgate, will ruin Ramsgate as a residential area, just when Ramsgate
is being reorganised as a desirable place for young families to move to, & many are the
infrastructure is being regenerated, train links are appealing, the beautiful town & Royal Harbour
is beginning to fill its potential. The commercial Airport will destroy our town & degrade &
deface this coast of Thanet.

I beg you to think again & please save our environment.
I remain, Anthony Harley [REDACTED]
