---

***In its second dDCO [PD-018] issued on 14 June 2019, the ExA proposed a new Requirement 19c: “No passenger air transport departures can take place between the hours of 09.00 and 12.00 and no passenger air transport arrivals can take place between the hours of 07.00 and 08.00.”***

Dear sirs,

I believe that KLM and the like used planes carrying less than 200 seats, certainly in my travel from Manston Airport the planes were less than 100 seats.

I believe that planes carrying more than 300 seats may possibly cause a problem with travel to and from the airport.

Manston if used correctly would be a perfect feeder to larger airports to far off destinations.

Thanking you for reading this email, I would also sincerely thank the PINS team in the way you have conducted yourselves.

Regards, John Knight. Ramsgate.
