Dears Sirs,

I'm very very concerned that RSP are now applying for a Night Flight quota count Of 2000 which doesn't include late arrivals or humanitarian flights!! Isn't this leaving the door wide open to have as many late night flights as they wish?

I have lived in Ramsgate, on the seafront, for nearly 30 years and have been a visitor to the area since the 70's, During 2010 -2013 when Infratil owned the airport, night flights were banned, but late arrivals still came in and they frightened the life out of me and many others, to have cargo planes flying over regularly would be unbearable especially for these people, and there are many, living in houses over 200 years old that could not stand up to the constant vibration.

For the record I have never been against an airport, but a cargo hub airport with night flights, would ruin Ramsgate and destroy many peoples lives for ever. Please do not allow this to happen.

Your sincerely

Davena Green
