Dear Sirs

I request that you accept this brief submission, deadline 11 notwithstanding, as the notice was so short and [REDACTED] since March has made it very difficult to access the computer.

I attach, as evidence of the true impact of Manston airport on residents of Herne Bay of 'emergency only/shoulder period flights', a copy of my original diary of the development of my [REDACTED] which states:

"April 2005: night flights begin - landing at 1am and taking off at 6am affecting sleep. I protest via TV news."
