---

Dear Sirs, I cannot stress how I & my family are so upset & disapointed by the possibiliy of Manston being used as a commercial airport,night flights & commercial flights will ruin the beautiful town of Ramsgate, have our Thanet Council have no regard for us residents of This Royal Harbour Town, our children will suffer sleepless nights, our area will be even more polluted, & for what so that some chancers can line thier pockets.

I am disgusted with our council representatives for even considering this move.

I remain , Anthony Harley, [REDACTED]
