Subject: Manston DCO amendments concern
Date: 09 July 2019 22:31:25

Hello,

It has been brought to my attention that there has been an amendment to the proposed number of flight quotas, by reducing the amount allocated flights by excluding late-arrivals, humanitarian and emergency flights from the totals. This amendment appears to be a way of reducing the figures to appear more appealing yet this is still going to allow unlimited night flights. Without an actual limit on these surprise flights occurring un announced, it is potentially opening the skies for unlimited useage. The applicant has made it clear previously that there is no requirement for night flights yet it appears to keep molding and adjusting figures around night flight activity. As a Ramsgate resident, I am alarmed by these constant changes and would like to hear actual terms and agreements being made on actual limits.

Kind regards,
Lawrence Norton
