Dear Sir or Madam

I have been sent an email regarding the extension of the DCO order decision on Manston, from the 18th of this month until the 18th of May 2020.

Having submitted my views of support for Manston Airport before the deadline of the 9th of July 2019, I am very dismayed to learn of This extension, potentially delaying the re-opening of Manston and giving the people of East Kent the Jobs and prosperity we desperately

Need. I understand that in part, this extension was granted due to a submission in October of an interested party. What I fail to understand, is when the deadline for all submissions was the 9th of July 2019, why was a submission three months late allowed in the first place and secondly, why is

This permitted to delay the decision on a much needed infrastructure renewal which we desperately need in this area of very high unemployment and

Poverty. I think that it's outrageous that the 'Goalposts' can be moved to the possible detriment to my community.

I look forward to hearing your views on my views

Regards Gary Easton
