I write this letter with great sadness that RSP are doing their best to bring work and trade to Thanet and the rest of the Country, It is so sad that a few people that have not lived here all their life are trying to keep this Airport closed it has a great history of serving this Country in the last war, If you don't already know it has the second longest runway in the Country which will save a lot of heart ache on building new runways at Heathrow or Gatwick, I'm 87 and hope to see planes flying again and make this Airport great again, This Airport has the best road and rail connections to London and beyond so do your best for work and trade like RSP are trying to do.
Mrs B Busby

Just a follow up on my last email I have just been informed that the Airport was used by Air sea rescue till some certain person closed the Airport it was also an Emergency Airport and for British Airways and Virgin for flight training.

Kind regards Mrs B Busby

All information that has been sent to the Secretary of state for transport is the same as before Thanet need the work and the Country needs the Airport, stop all this delaying and get Aircraft flying again the whole of the Country will benefit from the opening of Manston.
