Good Morning,

We have lived in Broadstairs since 1983. we have a good idea of how important good infrastructure is to this area.

We support the reopening of Manston airport because

- 1) It is important to be able to create more jobs and attract industry by having a good airport. We would use the airport as a family once passenger flights resume.
- 2) the reopening of the airport would see £100million investment in infrastructure in our area. This would allow education and training for the right reasons, for the new skilled jobs an airport would create.
- 3) In view of Brexit and Covid it is even more important the airport reopens very soon.

Please listen to our views.

We must not forget our history, how important this airport was and can be again in times of peace.

I am more than happy to attend any meetings in person so you can be assured of the genuine feelings we as a family have.

Kind Regards Helen Journo
