Subject: For attention of manston airport case team
Date: 12 June 2021 09:11:04

Hi

I've live in Thanet all my life I used to work at manston cleaning the plane it was my first job when I left school and it upset me to see an airport not used even for cargo it would free up space for passenger flights at the major airports, it would also make jobs for people of Thanet which is needed badly
Please reopen manston which has been an airport for many many years longer than the major airports an airport that has history through the wars

Regards David jarman
