Dear inspectorate,

We in Thanet need, this airport to get the go ahead as it will generate work and give Thanet a major employment opportunity for people who live in Thanet.

Mansion airport could also be linked to the port, which could be used as a free port generating more opportunities for the area. Also there is a new station which can be used to link both the airport and port for travel to London and beyond.

I did submit a plan to the prime minister's office, with regards to putting various hubs in the uk . Linked to the rail system. These hubs can have a 200 mile radius, we're communities in these areas can trade between each other. This will give these communities pride in there own hub,s. Anyway that's another idea.

Yes to the new Manston Airport development. Let it happen. We do not want more housing in this space, as it will only be affordable to the rich and drive the youngsters out of the property market. Also Thanet infrastructure would not cope with the influx.

let's do it and agree to this new Freight hub for Thanet.

Regards
Colin Bandick
