For the attention of the Manston Airport Case Team

It is so very important for Manston Airport to be reinstated! It has been one of the longest standing airports in the country and been used as an emergency runway on many occasions!

The work that will be generated is incalculable! And the feel good factor that it will bring to East Kent will be just what this area needs, and a sense of pride!

The Thanet Parkway train station will enhance the whole area and its high speed service to London will be perfect for those still wishing to commute!

Kind regards

Angela Pavey
