I have lived in Ramsgate all of my life (58) even in the same house. I have always admired and felt proud to live so near to such an important airport.

Manston has helped us to win the war, and taught thousands of pilots.

I've seen the sea-King air-rescue and the red arrows based there in the 70s. Our island (Thanet) is overcrowded with Londoners and foreign immigrants. Our farmland has disappeared to make way for new houses.

Manston would provide our youngsters with long term careers in aviation. The current owners RSP have committed to using a greener fuel, something which is less polluting than the many houses with their cars.

I want to be proud of our airport again. We need careers and sustainable jobs, not more homes.

Thank you for taking the time to read my statement. From miss Janet Moulder.
