Please can we have our airport back? I have lived in Thanet all of my life, in fact I now live on the flight path at Nethercourt, and really miss the airport being operational.

Thanet now is the worst during my 53 years that I can remember in terms of deprivation, job prospects and generally run down.

We desperately need the massive injection that R.S.P have promised for high quality jobs, educational training and infrastructure investment. With a commitment to build the greenest up to date airport using green technology, cleaner planes and no night flights, this is too good an opportunity to miss Kind Regards Mrs Susan Hunt [t](#) [REDACTED] [REDACTED] [REDACTED] [REDACTED]
