---

Dear Manston Airport Case Team,

**Manston Airport (TR020002) – Statement of Matters (Unique Reference: 20013835)**

**Re-determination of the Application by RiverOak Strategic Partners Limited (“the Applicant”) for an Order granting Development Consent for the reopening and development of Manston Airport in Kent.**

**Matter 4** – *In light of the passage of time since close of the examination, the Secretary of State requests the Applicant to consider the currency of the environmental information produced for the application (including information submitted to inform the Habitats Regulation Assessment) and either confirm the continued currency of that information, or where necessary, to submit updated information.*

Natural England support this request and in particular, recommend that the applicant ensures that any air quality assessments (including any air quality information that informs the Habitats Regulations Assessment) are updated to refer to the most current background deposition and concentration datasets from the Air Pollution Information Service ([APIS](#)). These datasets were updated on 28<sup>th</sup> March 2021, to a 3-year average for 2017-2019.

Yours sincerely,

Rebecca Bishop
