I have attended many meeting against a cargo hub on this site and written many letters of opposition. All
aforementioned reasons still apply, more so with air and sound pollution and lack of freight coming in by air
due to brexit. Please consider the lives of people in regency houses living with this noise. Tourists will be a
rarity. Penny warn. [REDACTED]

I would like to confirm my strong objection to a freight hub at mansion. This type of activity would kill the thriving tourist industry currently booming,thus hundreds of jobs lost and investment possibilities lost due to noise and air pollution. Penny warn [REDACTED]
