Dear Sir/Madam,

I am writing to oppose the DCO plans for cargo hub at Manston. It would be a serious harm to carbon reduction targets and absolutely no need has been demonstrated, Stansted has just agreed to 17.000 extra freight movements! Doubts of extra jobs promised and it would seriously harm the vigourously growing Ramsgate tourism economy and bourgening employment there, as well as the devastating effect on the health of so many, especially children.

Yours faithfully,

Margot Bandola. [REDACTED]
