Subject: Manston Airport

To whom it may concern

Thanet desperately needs the airport. We need jobs, apprenticeships etc etc that opening the airport will bring. The airport will not only bring finances into this poor part of Britain, but will help to bring pride back to Thanitarians as this area is sadly lacking jobs.

Not only adults, but our children need the airport to work towards their futures in employment. This will also have a knock on effect of more children going to college and furthering their career prospects.

SAVE MANSTON AIRPORT
