I want to register my views against the development of Manston Airport.

We are owners of a property in nearby Minster. And spend a lot of time on the beach or in the countryside around Thanet. Our children love the area, as do we. We think the airport should NOT go ahead for the following reasons.

1. The claims regarding the amount of business the new airport would claim, 50% of the UK's current cargo movements (more than Gatwick and East Midlands combined) are clearly overly optimistic
2. Which leads one to conclude the claims regarding the number of jobs that would be created are clearly bogus
3. Notwithstanding the claimed or actual number of flights each day, it would be a disaster for Ramsgate and other surrounding towns
4. Many studies, including that of the Government's own advisors have concluded there is no need for the airport
5. There is a climate emergency... we should soon start the process of reducing, not growing air traffic, whether passenger or cargo.. to open an airport now is not going to be the right move at all.

Please DO NOT allow the airport to go ahead.

Andrew Horton
